

# Boom Barrier

BM-DC48

## Technical Parameter

Motor power consumption	100w
Power supply	AC110V/220V+10%
Driver	DC24V Brushless motor
Reducer	Precise steel gear
Max arm length	Straight boom ≤6m Fence boom ≤4.5m
Speed	Straight boom 1.5~6s All boom type 3-6s
Working temperature	-40° to 80°
Insulation grade	F
Housing thickness	1.5mm
Housing dimension	325*270*980mm
Installation method	Layering clamping
Boom material	6062-T5 Aluminum
Straight Boom dimension	45*100
